Dear Karen,

Please be informed that Rochester Wholesale Drug has secured a new account, Old Bridge Drugs DEA # BO9471830 who will be using Mallinckrodt's Oxycodone 30mg. The accounts monthly use is approximately 380 bottles monthly.

This will increase the ordering on the product for the product with Rochester Drug.

Please contact me should you have any questions.

Sincerely,

Steven Becker

Steve,
Yes, their DEA# is BO9471830.

Thanks!
Tracy

Dear Tracy,

Could you provide me the DEA number for the account and I will forward the information to our compliance team.

Thanks,

Steven Becker

Steve,

It was great seeing you last week! While we were away, we had a request for new business on the Oxycodone 30mg 100's. This account is a fairly new account for RDC, I am not sure where this Oxy business will be coming from but I can find out if necessary. They have requested 380 bottles of 100 per month. I will be increasing my purchases a bit when including this new usage. Please let me know if there is any other information you need.

Thanks!!

Tracy

Importance: High

Tracy,

Welcome back. We have a customer Old Bridge Drugs acc# 3448 that has been ordering a high usage of the Oxycodone 30mg. from Mallinckrodt. I was given there usage from Pete Rose last week, which is around 38,000 units a month.

I told Pete on last Thursday that I could not sell them anymore of the Oxycodone until I spoke to you. I was trying to explain to him that we are only allocated so much and that you would need to speak to the manufacture.

I also explained to him that this item is on back order as of now. If you have any questions please let me know.

Thanks,

Bill Pietruszewski
